Projector MC475

PRODUCT OVERVIEW

ADVANCED VISUAL EXPERIENCE

The MC475 delivers 200 ISO Lumens of brightness, ensuring vivid and vibrant visuals in low-light environment. With native Full HD (1920×1080) resolution, enjoy stunning clarity and detail for a truly immersive viewing experience.

PROJECT ANYWHERE, ANY WAY

Thanks to its innovative 90° rotation design, the MC475 allows projection onto the floor, ceiling, or wall—giving you total flexibility no matter the room layout.

BIG SCREEN, SMALL SPACE

With a short throw ratio of 0.8, the MC475 projects an impressive 80" screen from just 1.4 meters (4.65 ft) away ideal for compact living spaces or mobile setups.

POWER ON THE GO

Designed for true portability, the MC475 features USB-C power input, allowing you to enjoy movie nights or deliver presentations anywhere—no wall outlet required.

STREAM SMART. STREAM LEGAL.

Enjoy direct, certified access to Netflix on the MC475—no sideloading, no workarounds. Just pure streaming convenience and reliability.

VOICE BRIDGE TO AI – SMARTER CONVERSATIONS

Equipped with a remote control featuring a built-in microphone, the MC475 seamlessly channels your voice to AI applications (Chatgpt), enabling instant, intuitive, and next-generation communication.

PERFECT PICTURE, EVERY TIME

Equipped with Auto Focus and Auto Keystone Correction, the MC475 automatically delivers a sharp, perfectly aligned image—no manual adjustments required.

SMALL IN SIZE, BIG ON PERFORMANCE

Compact and lightweight, the MC475 is easy to carry and store. Slip it into your bag and bring high-performance projection anywhere you go.

CONNECT TO EVERYTHING YOU LOVE

The MC475 supports Wi-Fi projection, HDMI, USB, and Bluetooth In/Out—ensuring seamless connectivity with your favorite devices, including phones, game consoles, and speakers.

ENERGY SMART, ECO FRIENDLY

Built with low power consumption technology, the MC475 runs cooler, saves energy, and supports longer, more efficient operation—ideal for both home and travel use.
