Projector MC425

PRODUCT OVERVIEW

ADVANCED VISUAL EXPERIENCE

The MC425 delivers 200 ISO Lumens of brightness, ensuring vivid and vibrant visuals in low-light environment. With native Full HD (1920 × 1080) resolution, enjoy stunning clarity and detail for a truly immersive viewing experience.

PROJECT ANYWHERE, ANY WAY

Thanks to its innovative 90° rotation design, the MC425 allows projection onto the floor, ceiling, or wall—giving you total flexibility no matter the room layout.

BIG SCREEN, SMALL SPACE

With a short throw ratio of 0.8, the MC425 projects an impressive 80" screen from just 1.4 meters (4.65 ft) away—ideal for compact living spaces or mobile setups.

POWER ON THE GO

Designed for true portability, the MC425 features USB-C power input, allowing you to enjoy movie nights or deliver presentations anywhere—no wall outlet required.

SMART & SEAMLESS ENTERTAINMENT

Preloaded with an App Store and equipped for wireless projection, the MC425 lets you stream content directly or mirror your device with ease—no cables necessary.

PERFECT PICTURE, EVERY TIME

Equipped with Auto Focus and Auto Keystone Correction, the MC425 automatically delivers a sharp, perfectly aligned image—no manual adjustments required.

SMALL IN SIZE, BIG ON PERFORMANCE

Compact and lightweight, the MC425 is easy to carry and store. Slip it into your bag and bring high-performance projection anywhere you go.

CONNECT TO EVERYTHING YOU LOVE

The MC425 supports Wi-Fi projection, HDMI, USB, and Bluetooth Out—ensuring seamless connectivity with your favorite devices, including phones, game consoles, and speakers

ENERGY SMART, ECO FRIENDLY

Built with low power consumption technology, the MC425 runs cooler, saves energy, and supports longer, more efficient operation—ideal for both home and travel use.
